

## English Hiking Trips in Hokkaido with Skilas Japan

*Skilas Japan* introduces the latest activities of its Sapporo English Club:  
**English Hiking!**

The aim of this fun activity is to get participants to relax, enjoy the beautiful scenery and surroundings, and get some fresh air and exercise, whilst at the same time speaking English to native speakers. We create a relaxed, informal environment to put you at ease and practice English outside of a usual classroom or coffee shop environment.
